IOWA Assessments

This week we will be taking the IOWA assessments. Make sure your child gets a good night's sleep, eats a nutritious breakfast, and knows to try his or her best.

Because of the testing this week, we will not have a spelling test this Friday or learn new words. In class, we will review spelling patterns learned the last few weeks

3 Minute Math-"Math 5-0"

Set a timer for three minutes. You can even use the timer on the microwave or oven. Complete as many of the addition problems as you can. When the three minutes are up, circle the last problem you did and record how many problems you completed. Then go back and finish any problems that are left.

Record the number of problems you completed in three minutes below. Try your best and don't worry if you don't finish all 50 at first. The more you practice, the more problems you will finish.
